

## Attention Combine Owners

We have a Rub bar changeover for the different makes of spike tooth combines, giving 20 to 30 percent higher running capacity, thus a saving in fuel and grain. Come in and see a set on display in our office. We have replacement bars for machines already equipped with rub bars.

We still have a few second hand power take-off 8ft. M-M combines and one I H C 16 ft. combine and pick up. All these machines are in good condition.

We still have a few 9 and 12 ft. new combines in the new V belt design. Get your order in now.

We have a real buy in a 1940 I H C 9 ft. Wheatland plow with seeding attachment.

We now have Plymouth binder twine in stock. Order now while supplies last.

### LET'S HAVE IT TOUGH

One of the unfortunate facts of our war effort is that too few of us have a full and complete realization of what it is going to take to win this war. Churchill put it plainly and clearly when he coined the phrase 'Blood, toil, tears and sweat'. Too few of us have ever taken these four words, thought about them in their full meaning and then said to ourselves: "This means ME". If everyone could only disabuse themselves of the idea that by some special dispensation of a benevolent God they are exempt from taking their full share of responsibility in the war effort, we would have a better chance of winning this war in a shorter time. It takes sacrifices to win wars; and it takes guts to make sacrifices. There are no little parts to play in this war. Every one of us is a major actor with a vital role to enact. A war must be financed and if the powers that be won't let crocks like you and I don a uniform, they do need every dollar we can loan them. To some of us, who have by force of circumstances always found it necessary to live up to the full extent of our limited incomes, it is a sacrifice to purchase regularly war savings certificates. Yet it is a small sacrifice to make in comparison to that made by some others. Let us realize it is necessary and not wait till a German bomb or a Jap bayonet impress it upon us.

## Announcing The Chronicle Tobacco Fund

The Chronicle is sponsoring a fund for the purpose of supplying cigarettes to the boys of the district overseas. Money will be raised through voluntary donations which will be acknowledged in the columns of this paper. The I. O. D. E. will act as administrator of the fund. See next week's paper for details.

## Attention Farmers!

## SOME IMPORTANT POINTS ABOUT YOUR RATION CARD

1. A Ration Card is required for each individual person, regardless of age.
2. Each numbered coupon is good for a two weeks' ration of 1 lb. of sugar.
3. Coupon No. 1 is good July 1st; coupon No. 2, July 13th; coupon No. 3, July 27th; coupon No. 4, August 10th; coupon No. 5, August 24th.
4. Coupons cannot be used before the specified dates, but may be used any time afterwards.
5. Only coupons 1, 2, 3, 4 and 5 can be used for sugar buying.
6. Do not use coupons A, B, C, D and E, unless instructions are issued by The Wartime Prices and Trade Board. Do not detach them.
7. Coupons must be detached in the presence of your retailer. He will not accept loose, detached coupons.
8. If you do the buying for your home, or for a number of people, you may purchase sugar for them by taking their ration cards with you to the store.
9. If you order by telephone, coupons must be detached in the presence of, or by the delivery man.
10. Retailers may hold customers' ration cards and detach coupons for them in cases where customers are not ordinarily at home to take delivery; or in the case of summer cottagers having deliveries made by mail or express.
11. If you go visiting for a week or more, you should take your ration card with you for your host to use.
12. If you are a regular boarder in a house, you should turn your ration card over to your landlady so she may secure your sugar allowance.
13. You do not use coupons for the purchase of sugar for preserving, canning, jam or jelly making. Additional quantities are allowed for these purposes, for which you sign a special Sugar Purchase Voucher, which your grocer will give you.
14. You do not require coupons for sugar that you consume in restaurants or public eating places. These places are rationed and can only serve limited quantities to their customers.

Misuse of ration coupons is illegal and offenders are liable to prosecution.

Report to the nearest Wartime Prices and Trade Board office (a) if you lose your card, (b) if you change your name or address.

If additional ration cards are needed for new babies, or new Canadian residents, write to the nearest Wartime Prices and Trade Board office.

## YOUR SCRAP METAL URGENTLY NEEDED!

*This New Method makes Scrap Metal  
Collection easy for you.*

More scrap steel and iron is urgently needed for more ships, tanks, planes, guns and munitions. You are asked to do **your** part by turning in every available ounce of scrap metal from your farm.

In order to facilitate the systematic collection of scrap iron and steel in the three Prairie Provinces, the Wartime Salvage Limited, a Government Company, has completed arrangements with the following Western Canadian Elevators for collection and purchase of scrap iron and steel:

<b>Alberta Wheat Pool.</b>	<b>Saskatchewan Pool Elevators.</b>
<b>Manitoba Pool Elevators Ltd.</b>	<b>United Grain Growers Limited.</b>
<b>North-West Line Elevator Association.</b>	

These Companies handle and purchase this material on behalf of the Government **without** cost to the Government, and **without** profit to themselves. Any monies received over and above the actual cost of handling will be donated to War Charities.

An Agent of one of the above named Elevator Companies has been appointed in your district as an official buyer on behalf of the Wartime Salvage Limited. **The price to be paid by these Agents has been fixed by the Department of Munitions & Supply at \$7.00 per net ton at the elevator, for all forms of scrap iron and steel excluding: (a) Sheet tin of any kind; (b) Automobile bodies and fenders; (c) Stovepipe; and (d) Wooden attachments.**

This price applies at any designated point in the Prairie Provinces.

Your contribution to the war effort and to war charities is simplified by this arrangement and it will be more effective inasmuch as you now can take your scrap metal to the Elevator designated in your district and obtain a receipt for it from the Agent.

Should you desire to donate your scrap to the war effort, then such receipt voucher can be endorsed by you, payable to the Voluntary Salvage Committee in your community. The Voluntary Salvage Committee will use such money for war charitable purposes.

Your contribution of scrap iron and steel is urgently needed NOW. Dig out every available ounce of scrap on your farm and take it to the Elevator Agent nearest you without delay. Canadian war industry needs it badly.

*Issued under authority of:*

Department of Munitions and Supply      Department of National War Services      Wartime Salvage Limited

### A Coming Shortage of Coal

On all sides we hear there may be a serious shortage of coal this coming Fall and Winter. Coal miners, however, are available NOW to dig coal and freight cars are available NOW to transport the coal. They will probably NOT be available next Fall. Farmers and merchants who wish to be assured of coal to heat their homes and businesses this coming Winter will be wise, therefore, if they order coal now, and take delivery of it as quickly as possible.
